

Community Involvement

At Hawkins Parnell Thackston & Young LLP, we encourage a culture of community involvement. As both individuals and as a firm, we strive to be good citizens and neighbors in the communities in which we work and live. As a firm, we are engaged in ongoing efforts to support various local and national organizations. HPTY partners, associates and staff serve as legal advisors and board members to many nonprofit agencies. Further, we encourage our attorneys to donate their time to pro bono endeavors.
